

REMARKS

Applicants hereby elect Group IB (claim 3) for examination, characterized by the Office Action as being "a final product where the polysilicon is removed over parts of the window layer." However, since Applicants have canceled claim 3 and amended each of claims 1 and 2 by incorporating claim 3 into claims 1 and 2, it is respectfully submitted that claims 1-2 and 4-7 are now drawn to "a final product where the polysilicon is removed over parts of the window layer."

Accordingly, Applicants respectfully request formal examination of claims 1-2 and 4-7 in this application.

Respectfully submitted,
